File No. BPL-20080429ABJ

Dear Applicant:

This letter refers to the above-captioned application for a minor change to a licensed facility.

An engineering study has revealed that the proposed transmitter site specified in the application fails to meet the minimum spacing requirements of Section 73.807 of the Commission's Rules<sup>1</sup> in relation to second-adjacent channel application, BNPFT-20030314CCF, West Des Moines, IA. The required separation is 14 kilometers, whereas the separation proposed is 9.9 kilometers.

Accordingly, in light of the above, application BPL-20080429ABJ is unacceptable for filing and IS HEREBY DISMISSED. This action is taken pursuant to Section 0.283 of the Commission's Rules.<sup>2</sup>

Sincerely,

James D. Bradshaw
